Decorative Applications :

Technical Specifications :

Technical specifications Cordless hot-melt glue pen neo1	
Max. glue capacity	8 g/min
Max. stick diameter	7 mm
Max. stick length	150 mm
Warming-up time	0.25 min
Weight of machine	0.346 kg

Dimensions (l x w x h)	179 x 40 x 65 mm
Voltage	3.6 V lithium-ion rechargeable battery
Min. frequency	50 Hz
Max. frequency	60 Hz
Warm-up time	approx. 15 seconds
Melt temperature	170 °C
Delivery rate	3 g /min.
Rechargeable-battery run time	P00257v001
Battery charging time	90% in 3 hours
Weight	155 grams
Glue sticks	Ø 7 mm

Details :

- **Cordless all-purpose glue applicator.** Neat, practical, no drips. Cordless hot-melt glue pen neo1 for all gluing jobs around the home, particularly lightweight and practical, cordless gluing with rechargeable Li-Ion battery, ready for gluing in 15 s
- **Ladylike!** Gluing, craft and repairs without cables, drips or harmful substances. The neo1 cordless hot-melt glue pen for all gluing jobs around the home.

Ergonomically shaped and light in weight, the neo1 cordless hot-melt glue pen is particularly suitable for ladies with creative flair. The hot-melt glue pen is ready to use in 15 sec for spot-on, non-drip gluing. The new automatic no-drip system (TSA) means the adhesive is automatically drawn back into the nozzle on releasing the feed button. Preventing glue from being delivered unnecessarily. And the innovative heating cartridge only heats the nozzle tip, automatically switching off after use. The neo1 cordless hot-melt glue pen is supplied with power from a high-performance rechargeable lithium-ion battery without memory effect. This means the battery can be topped up in any state of charge with the micro-USB charger - thats included - without losing storage capacity. Fully charged, it can then be used for up to 200 cordless gluing applications. Whether colourless sticks for craft and decorative work or ultra-power sticks for particularly strong bonds – these adhesives are free from solvents and harmful substances, dry in 10 sec. and are set after 2 min. Product benefits in brief: 155 g light, heat-up time of just 15 sec, 30 min battery run-time in continuous use, 3 h battery charging time, includes micro-USB charger.

Accessories :

Color sticks 7mm 96g

Glue sticks 7mm ULTRA
Power 96g

Glue sticks 7mm crystal 240g
